Re ICF for: 28030 ACCORD

Attached is a copy of the draft ICF for your upcoming study in pdf format. Please review and send changes/suggestions by Wednesday, 13 February, so revisions can be made and finalized by the IRB submission deadline. This ICF is based on a draft protocol, and I am working with Mike Szwanek to incorporate changes as we get them in.

We have a new template for our ICF's here at MDS, but I have tried to incorporate most of the language from the ICF from the previous study in this draft and still meet our IRB requirements. If you have any comments, suggestions or questions, please do not hesitate to contact me.

If you need a copy in "word" format, let me know, and I can attach it to a later e-mail.

I can be reached by phone at 402-437-4845 or you may fax comments to me at 402-476-7598.

Regards,

Paul A. Johnson, B.S., R.R.T.
ICF Coordinator
